MEMORANDUM FOR: Director of Congressional Affairs
FROM: Deputy Director of Central Intelligence
SUBJECT: Brooks Bill Controlling Use of Government
Vehicles To and From Work

1. Joe Wright, Deputy Director/OMB, called saying he had heard we are going to object to the Brooks Bill with Senator Roth and try to get it changed. I told him that indeed was the case because we feel we have good and sufficient reason not only to protect some of our officials here but all of our Chiefs of Station. He agreed with that. He said he felt that, on the advice of his lawyers, the present bill provides not only coverage for the DCI and DDCI but our field officers as well. He asked us to take a hard look at that and get back to him.

2. Please check this out one more time with OGC. If you are still convinced that the DDCI and our Chiefs of Station will not be covered, then get back to me so we can close the loop and get our game plan laid out with OMB before settling on Roth.

3. OMB contends that the bill is about the best the Administration can get and if we try to unglue anything with Roth, he will scrap the whole thing.
